SINKING ISLANDS, UNSINKABLE ART

23 June - 6 September 2018

The artistic project as a whole stirs strong self-reflection in the viewers as it encourages them to reflect on human existence, human interventions into nature, and the resulting global warming. On the other hand, the project aims to arouse in the viewers mostly positive emotions, to teach them to respect traditional art, and to make art a more common part of our everyday life.

EXHIBITORS
