The art project as a whole evokes strong self - reference in viewers, as it encourages them to think about human existence. The return to mature - life. Separately and together, each artist's contribution provides a picture of a people in crisis, but also images of hope and optimism. Often eccentric, poetic, or intimate, these works are like bodies.

Artists: Hermann Nitsch, Arnulf Rainer, Yoko Ono, Valie Export, Kiki Smith, Daniela Danica Tepes
