Galerie Voller Leerraum is pleased to present the solo exhibition Daniela Danica Tepes - Sinking Islands - Warriors Islands Return. In the exhibition, you can see interactive installation Kiribati warriors dressed in a traditional garb float untethered in a blue sky that simultaneously resembles the ocean and-more ominously-heaven. The artistic project reflects on human existence, human interventions into nature, and the resulting global warming. The presented art genres are video, photography, interactive animation, drawing, painting, and installation.
